Specified injuries to workers RIDDOR HSE

In such situations, there is no requirement to make precautionary reports of specified injuries. It is likely that the accident will in any case require reporting due to the injured person being incapacitated for more than seven days. The enforcing authority should be notified or updated as soon as a specified injury has been confirmed.

Occupational Safety and Health Act Definition Examples

Prior to the passage of the Occupational Safety and Health Act (the Act) in 1970, the government put very little effort into the issue of workplace safety. With the mid-20th century increase in usage of heavy-duty machinery in manufacturing, the number of employee accidents, injuries, and fatalities saw

a sharp increase. With no statutory requirements, most employers found it cheaper to replace injured and deceased employees than to implement new safety standards.
